TRADESMAN FREEDOM

No Cables. No Compromises.

Meet the skyVac Tradesman Freedom, where commercial power meets total independence. This dual-motor, 2800W machine delivers relentless suction for any gutter cleaning challenge, packing a knockout 110" water lift and 7666 LPM airflow.

No mains? No problem.

Whether you're clearing moss, leaves, or stubborn debris, the Tradesman Freedom rises to every challenge and ensures spotless results every time. It's the perfect choice for sole traders ready to start taking on larger projects such as warehouses and industrial units.

The Tradesman Freedom is equipped with a sturdy, multidirectional and all-terrain trolley and includes its own on-board 3.4kva petrol generator powered by a Honda GX200 Engine. You get portable, reliable 230v power at every job with no need to search for mains access. Take on remote and off-grid sites with absolute confidence.

Key features:

BLOW PORT: Perfect for quick clean-ups, from blowing away leaves to clearing roof moss and pine needles – this will be your new best mate.

STEEL TROLLEY: It comes with a steel trolley that has all-terrain wheels, enabling you to move easily on uneven ground. The multi-directional castors make it easy to steer and the lockable feature allows you to "park" your vacuum on steep spaces. Featuring a cyclonic port, to reduce blockages.

TRADESMAN FREEDOM

Mobile Wet & Dry Industrial Gutter Vacuum

IDEAL FOR:

- Gutter cleaning (up to 4 storeys high)
- Industrial and commercial gutter cleaning for wet and dry application
- Immense lifting capability for the most stubborn gutter growths
- Robust all terrain trolley with multi-directional castors
